Charles river endosafe certificate of analysis pdf format template word

Endosafe® - PTS Endotoxin test utilizes existing FDA-licensed LAL formulations. The PTS provides quantitative LAL test results in approximately 15 minutes. Reference package insert for storage requirements Inhibition/enhancement screening Rapid Micro Methods – Glucan Acceptable temperature: 37 ±1 °C Sample requirement: 25 µl sample per channel Rapid micro methods Gram ID: Archived parameters for gram-negative, gram positive and yeasts/mold isolate identification.
